Legend

- ☐ Proposed Alternative Road
☐ Dumping Site (Non-Forest Area)
☐ Dumping Site (Forest Area)
☐ Alignment (Non-Forest Area)
☐ Alignment (Forest Area)
☐ Upper Jamil Village

REFERENCES

NOTES 25

heights are in meters and above Indian mean sea level.

the relative height, h , represents the approximate length, in meters, between the top and bottom of a group above.

and subsequent region and therefore the urban area will soon acquire its own distinctive health-care needs and may not be able to accommodate with them activities which are dependent on nature in non-urban areas.

The various boundaries of areas of Support or Regional Focus are shown by green lines. Unshaded words in the areas are generally available to all users. The words in green areas are shown thus:
