Diversion of 0.0270 ha. of forest land for laying underground pipeline for potable drinking water supply purpose from Madhupur (Gir) s.no.248 pt.2 to s.no.146/pt.1 & 2 of Madhupur Village, Taluka:-Talala, District:- Gir Somnath, Gujarat State.

I Ramshibhai Masribhai Vala would like to inform you, I am a farmer in the village of Madhupur (Gir), Taluka Talala, District Gir Somnath, I am owner of the 03.59.16 hectare Agriculture land of Survey No.146/pt.1 & 2 of Madhupur (Gir) village. There is a big problem with potable drinking water in our farm. There is no available drinking water facility by far, because of which I have been in trouble for many years, to solve my problem, my Relative name of Lakhmanbhai Jadavbhai Solanki & Samatbhai Boghbhai Vala the owner of survey number 153/pt.1 in Madhupur (Gir) village, He is agree to provide me drinking water supply through underground pipeline, But the Madhupur Forest area comes in pipeline's route. (The route of the pipeline is parallel to the old way of ox cart) therefore, it is necessary to make a proposal under forest conservation Act.1980 for obtaining prior permission from the competent authority.

In the circumstances outlined above, under the Forest Conservation Act of 1980 necessary proposals are being prepared for seeking prior permission from the competent authority, in this regard no other person has to give authority because I am the owner of the farm & I'm proposing so no one has been given the authority.

Your faithfully
