Respected Sir,

This proposal is submitted for getting approval to acquire road side strip plantation area land which is owned by Surat Urban Development Authority for the project of with necessary documents and certificates.

Nowadays traffic is increasing at faster rate. Development of infrastructure is basic need of country. So it is essential to convert existing routes in two lane high-speed highways. Govt. has planned to develop the Road through its budget for Surat Urban Development Authority. This proposal is for part of the length of **Construction of flexible Pavement for road at canal from Sarthana - Valak - Swaminarayan School at Surat - Kamrej road to N.H. This proposal is for part of the length of Road and required 4.9932 hectare protected area.

New lane will be constructed on either side of existing road which will require new additional space of (As per Annexure-2) 4.9932 hectare.

This road is the important link connected to sarthana - Valak - Laskana - Pasodra - Navagam - vav - jokha - Nansad Villages and joining with Surat - Kamrej Road.

Please do needful for diversion of forest land for construction of road considering the above matters.
