I Shree Rajdeepsinh Chandrasinhji Jethwa would like to inform you, I am a farmer in the village of Sangodara (Gir), Taluka Talala, District Gir Somnath, I am owner of the 5.98.94 hectare Agriculture land of Survey No.57/1A/pt.8/pt.1 of Sangodara (Gir) village. There is a big problem with potable drinking water in our farm. There is no available drinking water facility by far, because of which I have been in trouble for many years, to solve my problem, so I have a 0.02 Gatha west land of Hiran River S.No.0 Bin No.pt.1 allotted to me from Collector Junagadh office order No.LND/1/C/76-73/2011 Dt.28/12/2011. The location of Sangodara (Gir) to Chitravad Road But the Forest area comes in pipeline's route. (The route of the pipeline is parallel to the way of Sangodara (Gir) to Chitravad Road there fore, it is necessary to make a proposal under forest conservation Act.1980 for obtaining prior permission from the competent authority.

In the circumstances outlined above under the Forest Conservation Act. of 1980 necessary proposals are being prepared for seeking prior permission from the competent authority, in this regard underground pipeline is to be laid parallel to the road of Sangodara (Gir) to Chitravad Village of Talala Taluka in Gir Somnath District.

The proposed underground drinking water pipeline (0.75mm dia) in the forest area has a length of 1230 meter, a width of 0.45 meter and a depth of 1.00 meter. We have to choose this place because there is no alternative to our demanding area. The area selected has been properly checked and justified, because there is no any alternative route except this area.

Your faithfully

(Rajdeepsinh Chandrasinhji Jethwa)
