

**Full justification for proposing the project in forest area
(un- avoidance of forest area for the purpose)**

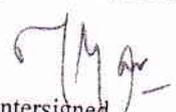

This is the only Road of a length 0.434Km of an earthen surface connecting Rajiv Rahadari Road to Anandanilayam of Kondapak (V&M) of Medak Dist., where the people are suffering a lot of travelling to the Ashramam and the inmates of the ashramam for their medical aid and transport. By improving this road to PR Standards, the inmates of the Ashramam will be facilitated to reach for all their needs on time.

The road is passing through forest area from Km 0/0 to 0/434. The reach is under the forest jurisdiction of Medak division.

It is proposed to improve/ Construction from earthen road to WBM grade-II. The Telangana State Government have taken a policy decision to construction of CD work and improve the road from Rajiv Rahadari to Anandanilayam vide Proc.No. 198/GADA/CPO/PLG/2014, dated: 08.01.2016. There is no other alternative except proposing up gradation in forest area of Medak division. By constructing the above road it would improve further connectivity in terms of achieving smooth and safe traffic flow and improve level of

service.
