

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

Proposed Water Supply Pipeline Alignment for “**Chambal-Bhilwara Water Supply Project Phase-I in Districts-Chitoorgarh, Bhilwara and Bundi (Rajasthan)**”. Has been examined for Social, Technical and Economical consideration and possible efforts were made to avoid the forest land by **Public Health Engineering Department** but forest land can't be avoided.

We have taken the forest diversion permission for 4.798 Ha & re-diversion for 3.6 Ha under FCA-1980 vide MoEF, GoI,RO Lucknow letter no. 8B/Raj/08/18/2012/FC/1049 dated 08.10.2014. But due to missing the forest area of forest division Bundi & power line and service road the revised proposal is being submitted.

S. No.	Name of Forest Division	Land area in original proposal & final permission dated 8.10.2014 (hectare)	Status of Area in Sqm as per the execution of works on site(hectare)	Reason for difference
1.	Kota (MNP)	(5140mtrx5mtr)= 2.57 ha	(5140mtrx5mtr)= 2.57 ha	The increase in length during approval of final alignment & techno-economic hydraulic design
2.	Bundi	-	(904mtrx 17mtr)=1.5368 ha	
3.	Chittaurgarh	1756x5 m=0.878 ha	(1853mtrx17 mtr)=3.1501	
4.	Bhilwara	2320x5.8= 1.346 ha	(2438mtrx17 mtr)=4.1446	
5.	Bhilwara (rediversion)	12000x3m= 3.6 ha	12000x3m = 3.6 ha	
Total		4.798	15.0015	

It is further stated that the area of forest land involved in the proposed alignment for “laying pipeline, power line and service road” is bare minimum.

Looking to these aspects the proposed **Chambal-Bhilwara Water Supply Project Phase-I** also has been also approved by PHED, GoR.
