HEIGHTS &amp; CONTOURS IN METRES

\*Water features are shown in blue where they generally contain water.  
 \*Cultivated areas are coloured yellow.  
 The exterior boundaries of areas of Reserved or Protected Forests are shown by green ribands.

Contours are approximate.  
A relative height, .8r., represents the approximate height, in metres, between the top and bottom of a steep slope.  
Wooded areas are coloured green. Scattered trees and other vegetation are in green, but prominent surveyed trees are in black.

\* Not applicable

The district boundary between Hatziblag and Ritschi Districts has been surveyed as pointed out by the local officials on the ground but has not been verified by the District authority of Ritschi District.

Classification of foresting R.F.F.F in Hatziblag District has not been entered in this sheet for want of information.

Forest boundaries in Ritschi District have not been shown in this sheet for want of reliable information.
