To Whomsoever It May Concern

National Highways Authority of India (NHA) has been entrusted to implement the development of stretches of NH under DPR/KAR/phase – IV B/2010 on BOT Mode / EPC mode. NHA has decided for carrying out feasibility study and detailed project preparation for 2-lane with paved shoulders (with provision of capacity augmentation) / 4 lane standard as per the traffic volume.

The Project Road is 2 lanes with Paved Shoulder / 4 laning from Km 438.475 (proposed Km 435.250) Harohalli to Km 461.550 (proposed Km 458.420) Bangalore section of NH 209 in the State of Karnataka. Total existing length of the project road is 23.075 Km & the proposed length is 23.17 Km. Since the project road is an existing road, the decision to upgrade the road to 2 lane with paved Shoulder / 4 laning with a proposed ROW of 30m all throughout except for bypass (45m)

The development of the above road envisages the acquisition of forest land. Hence there is a necessity for online submission of forest proposal.

In this regard H S Linge Gowda, manager Technical, PIU Ramanagara, NHA is hereby authorized to make online submission of Forest Clearance Proposal for the project mentioned above on behalf of the authority.

Yours Faithfully,

(B.T. Jwalendra Kumar)

Project Director
PIU, Ramanagara.
