Range Ghatbori

Division – Buldana

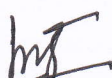

District- Buldana

We Bhaskar Thakare and other 35 farmers farmers of Naigaon Deshmukh Tq. Mehkar Distt. Buldana, is from poor family . Our financial condition is very poor we cannot fulfill our daily needs. We want increase our lively hood and give good opportunity to our family.

We have some land our own and want to irrigate this land. Water Will be taken from Utavali Project to our field. The starting point of pipeline is from Utavali Project and end point of pipeline is In Private gat No 362 . Total length of pipeline is 2242Rmt . from which 1002x4.50 Rmt is passing through Forest land Gat No. 563 of Deulgaon Sakarsha village, Tq. Mehkar Distt. Buldana, compartment No 617. There is no suitable alternative except forest land used. Only 0.4509 hect. tree less Forest land used in proposed pipe line. This is the minimum requirement of forest land. Alternate alignment is not possible, two alternatives are technically unsuitable due to nature of ground i.e. and up and down portion and heavy demand of Forest land.

Therefore the permission of laying pipeline increasing the farmer's income, and good livelihood.
