

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

Construction of LILO from 220 kV S/C Jhalawar-Chhabra line to proposed 220 KV GSS, Aklera, District-Jhalawar (Raj.) has been examined for social, technical and economic consideration and possible efforts were made to avoid the forest land by User agency.

The construction of 220 kV Aklera GSS along with the associated interconnections are essential to meet the increased load growth of Aklera and adjoining areas falling in Jhalawar District.

Alternative routes were studied for this in proposed route. The minimum forest land is **24.4888** Ha. The transmission line can not be constructed in proposed route alignment without involvement of forest land.

Place: Jhalawar
