Justification for Forest Land Diversion

The project for construction of Construction of link road from Nand to Sar Sabal upto FW Status Phase-1 road is sanctioned NABARD RIDF XXV. Some stretches of the road are passing through forest area. The road take off from Nand to Sar Sabal and surrounding area are benefitted by construction of this road on their completion and will provide connectivity to a population of about 2000 souls inhabiting the entire area.

Forest area cannot be avoided as the alignment is the only feasible alignment providing vital connectivity to the hamlets.

Hence, the diversion of the forest land is the only choice to construct the road.
