JUSTIFICATION FOR LOCATING THE PROJECT IN THE FOREST AREA.

The brief facts of the proposal are that the road known as Jeoura to Rohal K.M. 0/0 to 2/0 is proposed to be constructed under P.M.G.S.Y. The total length of the road is 2.00 Kms. 0.282 hect. of forest land is proposed to be diverted in favor of H.P.P.W.D. for the construction of road. The proposed road is amongst 2183 roads in which violation of F.C.A. has been reported to the Hon'ble High Court of H.P. The existing track has been constructed by the local residents about 25 years ago. There is no other suitable/feasible non forest land available for the construction of road. Hence keeping in view all aspect and minimum damages to the vegetation and forest land, the existing track has been finalized. The proposed road will benefits about 645 souls of village Rohal. A separate site for dumping of muck has been proposed for diversion. Being welfare state, the Govt. is committed to provide basic amenities to the citizen. Thus all aspect has been taken into consideration to minimize the ill effect on the environment.
