Price : Rs. 70/-

CONVENTIONAL SYMBOLS

[illegible]

REFERENCE

NOTES

The interglacial valleys and confluents in this sheet were not been adjusted to the height of the sea levelled coastal water and a significant difference is observed between them. The interglacial coast and confluence in this sheet are identical with those in the postglacial period, and generally parallel to the coast.

COMPILED BY INDEX

A. Surveyed during 1994/97 (plus test for major details during 2005-06)

Projection - UTM Datum - WGS 84

Magnetic Variation from True North about 7° West in 2005.

1:50.000
