|  | River, bank, river, stream, pond, reservoir, dry              |

## REFERENCE

**NOTES :-**

Heights are in metres and above Indian mean sea level.  
Contours are approximate.  
A relative height,  $z_r$ , represents the approximate height, in metres, between the top and bottom of a slope.  
The triangulated heights and contours in this sheet have not been adjusted to the heights of the spirit-levelled bench-marks and may not be strictly in accordance with them.  
The milestone station numbers along roads and railway are shown in slant type, e.g. 51 whereas milestone numbers are shown in upright type, e.g. 51.

## COMPILATION INDEX
