It is certified that **2.26 Ha.** of forest land is required to be diverted for the **C/O Kendriya Vidyalaya, Ghumarvin Distt. Bilaspur H.P.** The proposed construction is required to be carried out in the forest land because there is no Non-Forest Land available. Three alternative alignments were examined for the above mentioned project but alternative alignments II & III were rejected due to the reasons mentioned below:-

1. **Alternative Alignment -I :- Selected,** as the land is flat and adjacent to the main road also less no. of trees are coming in the alignment.
2. **Alternative Alignment-II:-** Rejected due to heavy slope and no scope of building path in the said alignment.
3. **Alternative Alignment –III:-** Rejected due to non-feasible land as per the requirement of the project as this site is far away from the existing road. Moreover large number of trees coming in the alignment.
