

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

The Right Main Canal system of Dolaithabi Project in Manipur having a total Culturable Command Area (CCA) of 3,435.00 Ha. passes through forest area to the extent of 0.1317 Ha. which could not be avoided. This is the shortest and best route chosen with the involvement of forest area to the minimum.

If the Right Main Canal having a total length of 17.30 Km were to be curtailed at RD 5.31 Km where it encounters forest land, it would have a CCA of only 375 Ha. of the total CCA of 3,435.00 Ha. hence, the justification for locating/routing the tunnel in forest area.

Place : Imphal
Date : 21st April, 2015
