

Justification of the Project

Kodwar 33 KV Transmission line to Pump House 1 and Pump House 2 for Kodwar 33 KV Transmission Line. This Project planned to irrigate 3660 ha. cultivable command area (CCA) spread in 13 villages of Tehsil Khandwa and Punasa in district Khandwa with sourced from ISP reservoir.

Introduction of irrigation will definitely increase agriculture production and change in crop diversification for better income of farmers. This project will generate direct and indirect employment in local economy, transport, market and processing.

Most important things of this project is that maximum beneficiary of this projects area poor and poor trebles

There is no way without the forest area project alignment can done because Kodwar is surrounded form the forest.

Narmada Development Canal Division 25 Narmada nagar, District Khandwa
Proposed Kodwar 33 KV Transmission line to Pump House 1 and Pump House 2
Project.
