

JUSTIFICATION REPORT

An extent of 1.4852 Ha land comprising in Sy.No.8B8,8B/6C comes under Koduvayur-II Village in Chittur Taluk under Palakkad District and involved in the OA-45/1979 of Nemmara Division was restored to Sri.E.T.Sukumaran,"Sreenidhi", Kakkayur (PO), Palakkad-678512 on 25.03.1999, who is the legal heirs of OA Applicant. Thereafter, the said restored land was purchased and registered in my name having an extent of 0.7076 Ha and balance 0.7776 Ha was registered in the name of my husband Sri.K.R.Binumon. Eastern, Western and Southern boundaries of the said land is surrounded by Vested Forests and Northern side is Canal owned by Irrigation Department. No road access is there from Koduvayur-Nemmara PWD road and now available foot path only through the Vested Forests, so it is very difficult task to enter our own property.

Kindly note that there are 400 coconut trees and 1100 areacanut trees having 10 months old and it needs continuous care and regular putting of manure. More than that there is plantain and jack trees and that to be continuously irrigated. There is no other access to the property other than through the vested forest land. Hence, Forest land having approximately 0.022 Ha in 46-48-meter length and 4.60-4.70-meter width (As per the prepared Geo Survey Sketch) located at Kottaramthodi VF Bit under Kollengode Range in Nemmara Division is required for using as road to reach my own property from Koduvayur-Nemmara PWD road. Also certified that there is no alternative road available for implementing this project. Please consider this proposal as a humanitarian ground and kindly sanction the said forest land for using as road.
