JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

Diversion of 2-99-34 Hectares of forest land for C/o Andhra Jhanjwani Gyari road km
0/00 to 8/550.

This road has been constructed to provide motor link to the village and adjoining parts of
village Mangiyari Jhanjwani Giyari. The road caters to the needs of population of about
1000 souls and gives a boost to the local economy. Since all the beneficiary villagers are
surrounded by forest land hence all the alignments had to necessarily pass through forest
area if the primary objective of linking the villages to the motor road was to be achieved.
Hence there is no escape from using the forest land. For the construction of this road
2-99-34 Hectares of forest land is required to be diverted for road construction under
Forest Conservation Act, 1980.
