

Name of Project : Proposal for diversion of 0.75 Ha. Reserved forest land for the project of Khambha Regional Water Supply Scheme between Gidaradi to Bhaniya Village: Gidaradi & Bhaniya, Ta.: Khambha Dist. Amreli in Gujarat State.

JUSTIFICATION

Khambha group regional water Supply Scheme includes Many Villages of Khambha Taluka, in which the Pipeline path must be in the way to connect all the villaged like Umariya, Tataniya, Lasa, Dhavadiya, Pipalava, Gidaradi and Bhaniya. All these villages are suffer in Scarcity due to less ground water in local sources and no another source of water are there, then this project give basic facility of life (Portable and fresh drinking water in normal days or in scarcity). In Above villages Bhaniya Village is covered under forest area then this will affect the project importance for which it has been approved. So keeping all this point on reference it became necessary to pass this water supply pipeline from small portion of Protected Forest area Land Between Gidaradi to End Village Bhaniya.

Rout no.1

Rout no.1 is best and one and only one way, in which pipeline is minimized and Proper-Easy Maintenance due to operation time and Project handling. also lesser forest area required in this root.

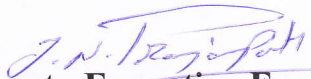

Rout no.2

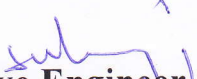

.....N.A.....

Rout no.3

.....N.A.....

In all respect, Pipeline work has completed up to Gidaradi Village, so it became necessary for us to pass the pipeline in rout-1.
