

Justification Of Project

Jharkhand Urja Sancharan Nigam Ltd. has proposed the construction of LILO of one circuit of 220 KV D/C 3Ph TTPS- GOVINDPUR Transmission line at GSS – Jainamore (BOKARO) proposed under quality scheme of State Government for 24 x 7 power availability in the state. The said line will energize the 220/132/33KV GSS – Jainamore (Bokaro) which is very crucial for efficient power supply in Bokaro district.

Keeping in view the utility of work in public interest and development of state in power sector decision has been taken for construction of LILO of one circuit of 220 KV 3Ph D/C TTPS- GOVINDPUR Transmission line at GSS – Jainamore (BOKARO)

Hence the location of project is completely justified.
