Justification for Forest Land Diversion

PWD (R&B) Division Kathua is executing agency for Improvement/widening of Lakhanpur/Thein road upto double lane specifications from RD 12/700 to 17/100. The improvement/widening has been proposed as the existing road is of single lane specification and has become insufficient to cater to the increased traffic intensity. The proposal submitted is the only viable option for improvement/widening of road both technically and financially. The forest area 4.367 ha. Involved in the project is unavoidable and barest minimum required.

Hence, the diversion of forest land is the only choice for implementation of Improvement/widening of Lakhanpur Thein road.
