Office of the  
Executive Engineer  
PWP & ITWD Division Belagavi,

Date :

30 APR 2019

To,

The Nodal officer and  
Addl Principal chief conservator of forests,  
(Forest Conservation Bengaluru)

### JUSTIFICATION FOR FOOT BRIDGE ALIGNMENT

The foot bridge alignment of this project is across the local nala connecting existing pathway on either side of nala to connect Nerasa, Gavali wada and Kongala village. This alignment is economically and financially most feasible alignment. This alignment runs through some forest area and there is no any alternative economic alignment to cross this Nala.

Thanking you,

Yours Faithfully

Executive Engineer  
PWP & ITWD Sub Division,  
Belagavi
