**JUSTIFICATION FOR LOCATION OF TOURISM INFRASTRUCTURE  
DEVELOPMENT LAND**

The current Project of Tourism infrastructure development scheme at Halathi village of Nagamangala Taluk, Mandya District. Have the following major components.

1. Cement Concrete road
2. Cement Concrete Drainage
3. Cement Concrete Bridge
4. Revetment

The major appropriate site for the implementation of this project has been located at Halathi village, after considering various factors such as Soil Investigation, Elevation, feasibility of the land for the said project etc., Based on the Surveys conducted current site has been found to be most Efficient and no other locations fulfil above Criteria to be able to serve the requirements of the Headwork location.

Development of Tourist connectivity road is the main component of the project including Sub components like CC Drainage, CC Bridge and revetment are most efficient under Flat land (Forest land) and connecting road for laying of pipeline (Forest land) also required to be located at the elevation. Present location at Halathi Village is most suited one and there isn't any alternate location which can fulfil all the above criteria for the efficient development of Tourism infrastructure facilities.

Hence, the identified location most suitable as per the requirements of the current project.

  
Deputy Director  
Department of Tourism  
Mandya District
