

Checklist No.- 9

Land for construction of 220 KV transmission line for Wind Power Project by Srijan Energy Systems Pvt. Ltd., (Corporate office-102, EL Tara, Hiranandani Gardens, Powai, Mumbai-400076), in 01 Village of Nakhtrana Taluka of Kutch District, Gujarat.

Justification for locating the project in forest area to be submitted by User Agency and countersigned by DCF.

Various alternatives were evaluated while selecting the final route of 220 KV transmission line. The entire surrounding common area is reserved forest area. There is no other feasible alternative route except the proposed alignment due to geographical constraint. The length of the transmission line passing through reserved forest in the proposed alignment is 270 Meters in 1 Village of Talukas Nakhtrana in District Kutch, Gujarat State. Utmost care was taken to minimize the impact on the natural environment including Forests. The proposed route/option finally selected is based on minimum forest area requirement.
