

IndianOil-Adani Gas Pvt. Ltd.

Justification for Locating the Project in forest Land

IndianOil-Adani Gas Pvt.Ltd (IOAGPL) is a joint venture company of Indian oil Corporation Ltd. and Adani Gas Ltd.

PNGRB Govt. of India has entrusted IOAGPL with the responsibility to develop City Gas Distribution (CGD) network by way of authorization for providing cleaner and greener fuel (Natural Gas) in geographical area of Gaya & Nalanda.

As per ROW guidelines, all pipelines CGD projects are laid along the roads (State or National Highways). Hence our proposed route also come along SH & NH (NH-82, SH-71, & RCD road to ordinance factory).

As per forest act On NH & SH both side of flank is considered as forest. Therefore, the ROW for laying pipeline comes under forest areas. And there is no alternate route available for pipeline laying.

For and on Behalf of IOAGPL
