

### JUSTIFICATION

The NH-765DG is a newly declared National Highway and is an interstate connectivity road. Government of India MoRT&H is proposed to Rehabilitation and upgradation of Medak-Siddipet-Elkathruthy section of NH-765DG Two/Four Lane with paved shoulder (Approximate Length 133.00 kms) Package-II from Km 69.978 to Km 133.650 in the state of Telangana. The traffic intensity on this NH is increasing day by day. There is no other alternative except proposing for widening of the existing 7.0 m wide carriageway to 30.0m wide.

The above road work envisages widening and improvements of road geometrics to NH standards in the entire length including in different forest stretches in between Siddipet- Husnabad town. In RF Blocks of Shanigaram embankment formation for grade corrections is proposed in some places is also proposed, hence a land width of 15.0 m on either side is proposed.

The length of the road for which DGPS survey data authenticated is 368.10 M in Siddipet Division and the extent of forest land required for diversion is as given below.

S.No	Division	RF Block	Length in 'm'	Width in 'm'	Area required in Ha
1	Siddipet	Shanigaram	368.10	30	1.1043
	<b>Total</b>		368.10 m		<b>1.1043 Ha</b>
	<b>Grand Total</b>		368.10 m		<b>1.1043 Ha</b>

There is no other alternative except widening.
