

## **JUSTIFICATION**

The Mangelwad habitation of Jampore village of Moti Daman is located on the Jampore Beach of Daman and Diu U.T, Daman consisting of around 45 houses. Since there is no drainage system in village there is water logging problems in village during monsoon season. The people from Mangelwad Jampore village has to face many problems to reach their houses and to go for daily activates for their employment and earning purpose and they face great difficulty especially during the rainy season. There is no alternate option except the proposed of drainage.
