\*\*\*\*\*

I Sri. Gopal M. ITI, from Kundaragi Village, Bilagi Taluk, Bagalkot District, I have 20 gunta Malki land in Sy No. 40/1 at Kundaragi Village. In that land, i have planned to establish the Indian Oil Petrol bunk in 0.0644 ha and other commercial activities made in 0.1356 ha. In front of my Malki land there is a forest land located in Survey No 55, which is intended establish the petroleum premises. Because, petrol bunk is far from main road and also other private lands are available in surrounding area, but they were not ready to give the land to establish petroleum outlet premises. Hence, finally we selected the forest land Sy No 55 for establish the petroleum outlet premises.

We have explained various alternatives for this project as detailed below:

- I. Alternative 1: petrol bunk is far from main road
- II. Alternative 2: falls in sy number 39 and it is private property. Although, we requested but they were not ready to give for us.
- III. Alternative 3: land falls in sy number 40/7 and it is private property, thry were also not ready to give for us.

Hence this is the only proposed area which is adjacent to road.

For, PAVAN AND BHUVAN PETROLEUMS

(Gopal M ITI)
