

Technical Note for Locating the Project in Forest Area

The project commenced on 2 December 1999 with diversion of forest land for the purpose of mining of minor minerals (Stone Quarry). The project has been ongoing since the date of commencement.

The land allotted for the purpose of mining is being used only for the purpose as defined in the project proposal. The lease will terminate on 1 December 2019 and it is requested to renew the lease for next 20 years.
