NOTES

Heights are in metres and above Indian mean sea level.
Contours are approximate.
The kilometre scale numbers along the map are shown in solid type. X, whereas, mile numbers are shown in upright type. e.g. 5.
Cart tracks and unimproved roads in this sheet are generally indicated in dry season. Permission to use these along cart tracks is required from the appropriate authorities.
Towns shown in this sheet are usually census towns from July to December.
Wells are numerous throughout the sheet, only the important ones have been shown.
Personal streams in this area are generally fordable from October to June at the places indicated in this sheet.
Areas under for cultivation due to heavy rain are shown as waste land.
A relative height, e.g. 100, against a well, indicates its total depth in metres.
