Subject: Approval of Mining Plan and Mine Closure Plan ( first Modification ) for Sahapur West Coal Mine of M/s Sarda Energy and Minerals Limited

Sir,

I am directed to refer to your application for approval of Mining Plan and Mine Closure Plan for Sahapur West Coal Mine located in SOHAGPUR Submitted through application number APP0065 of Single Window Portal of Ministry of Coal for approval of the Central Government under Rule 22E of MCR 1960 for a rated capacity of 0.60 Mtpa Peak rated capacity 0.9000 Mtpa, Lease area 619.0 Ha and Project area 619.0 Ha has been considered and in-Principle approval of the Central Government there on is hereby conveyed under Section 5(2)(b) of the Mines & Minerals (Development & Regulation) Act 1957 subject to the following conditions:

1. The project proponent should ensure implementation of all observations made by internal committee during actual operation.
2. Project Proponent shall take all necessary precautions regarding safety of mine workings and persons deployed therein.
3. Mining lease of this block shall not encroach into any other adjacent coal block.
4. The cost of abandonment for carrying out the closure activities envisaged in the Mine closure plan is indicative. The actual cost for carrying out the activities at the time of final closure may be higher. The actual cost of abandonment will have to be borne by the project proponent for carrying out the closure activities.
5. The approval of the Mining Plan (Including Mine Closure Plan) is without prejudice to the requirement of approvals from competent /prescribed authority under the relevant rules/ regulations etc.
6. Approval of Mining plan is technical in nature, which is granted with a view to facilitating further developmental activities by the allottee. This approval will have no effect on the penalty provisions of the agreement in case of nonachievement of Milestones
7. Monitoring of milestone for development of mine will be as per efficiency parameters in CBDPA/CMDPA and appropriation of PBG will be done in case of failure/delay in compliance with the timelines of CBDPA/CMDPA.
8. It is proposed to mine reserves with thickness greater than 1.5m. However, with improvement of technology with time, reserves with less thickness may also be attempted to be mined (if found feasible, at appropriate time with proper scientific study, if need so felt.).
9. Scientific study for feasibility of mining reserves in the 24.599 Ha in the south-west corner of the Geological Block (refer Additional Annexure-11 of the Mining Plan) has been proposed. If found feasible, as a result of the proposed scientific study, the project proponent shall submit for approval a Revised Mining Plan and Mine Closure Plan incorporating the details (as per Guidelines of MoC for preparation of Mining Plan dated 29.05.2020) of liquidation plan of reserves in this area also (the condition complied or not to be reviewed during every five yearly periodic examination as per para 2.2 of MoC guidelines for preparation of Mining Plan dated 29.05.2020).

21/04/2022

10. Evacuation route/ roads/ water bodies/other surface features/infrastructure/ land outlines outside the Geological Block/Project Area shall not be part of the Mining Plan (in line with para 1.6 of MoC guidelines for preparation of Mining Plan dated 29.05.2020).

11. Before commencement of mining operation, HFL of Ghogra nallah shall be determined and all safety precautions shall be taken against it.

You are requested to obtain no dues with respect to allocation conditions from Nominated Authority and submit the same to this office for issuance of Approval letter of the Mining Plan and Mine Closure Plan.

Your Faithfully

*Shanta Guha*
