COST BENEFIT ANALYSIS

Road networks are the basic need for a city to become economically strong and better facilities. The proposed project i.e. "CONSTRUCTION OF ROAD (SIKAR-SANWALI LINK ROAD OPPOSITE STADIUM TO INDUSTRIAL AREA" at Devipurabeed, sikar" will provide a direct link from sanwali road to the industrial area. This corridor will provide a economical boost to the more than 50 industries situated in industrial area sikar having turn over more than 50.00 crore per year. Estimated cost for the project is worth a amount of 783.00 lakh. Construction of road will also boost social movement in colonies those are situated separate from rest city.

Sikar district's major offices are planned to shift on sanwali road (i.e. collectrate, S.P. office, Revenue office, UIT, AVVNL 132 kvsb station and existing Phed office, Forest office) will get a direct connectivity to the industrial area santinagar colony and jaipur road area.
