This sheet has been compiled from 1:25,000 survey.
The district boundary between Phulabani and Puri District has been surveyed in points out by the local officials on the ground, but has not been verified by the District authorities.
Tanks, shown dry, in this area usually contain water from June to December.
A relative height, e.g., 50', marked along a contour, indicates the height of the top of the contour embankment above the adjacent country.
The kilometre stone numbers along roads are shown in plain type, 'K' where kilometre numbers are shown in upright type, e.g., 'K'.
