Scale 1:50,000
Contours are approximate.
A relative height, Δ ft., represents the top and bottom of a steep slope.
Wooded areas are coloured green. Scattered trees and other vegetation are in green, but prominent evergreen trees are in black.
The state boundary between Madhya Pradesh and Maharashtra State has been surveyed as pointed out by the local official on the ground, but has not been verified by the Government concerned.
Unsurveyed roads in this sheet are generally payable in dry season.
Collection is periodic and dependent on rainfall.
