File No. : JA/SST/Mining Plan/ dev. well/Kasomarigaon/2020-21

Subject: Approval Sought for Mining Plan (oil production profile) of three Development Locations KSDF, KSDG and KSDH in Kasomarigaon field from existing cluster.

Oil and Natural Gas Corporation Limited, Jorhat Asset is planning to drill three development locations KSDF, KSDG and KSDH in Kasomarigaon field of Golaghat District. These locations have been planned for drilling to augment oil production after encouraging result of exploratory leads. The said land falls under Kasomarigaon PML & total granted PML area is 20 square Kilo meters. These three locations are proposed to drill from existing cluster of Kasomarigaon field.

These three locations KSDF, KSDG and KSDH are expected to contribute on an average of around 22 tons per day of oil. The mining plan (oil production profile) for the three development locations is tabulated as below:

Year	Oil (Tons/annum)
2022-23	5201
2023-24	9882
2024-25	14095
2025-26	12686
2026-27	11417
2027-28	10276
2028-29	9248
2029-30	8323
2030-31	7491
2031-32	6742
2032-33	6068
2033-34	5461
2034-35	4915
2035-36	4423
2036-37	3981
Total	1,20,209

Submitted for kind approval.
