

Name of Project : Four laning of Internal Portion of Old NH-2 from Km 161.800 to 180.000 (Kokhraj to Manauri) in Distt. Kaushambi

Justification for locating the project in forest land

The above work has been sanctioned by Ministry of Surface Transport, Government of India vide their letter no. 28014/02/2015/UP/CRF/NH-2 dt. 13-05-2016. The Old G.T. Road from Kokhraj to Manauri (Puramufti) has heavy density of traffic. Old G.T. Road is connecting Kaushambi to Allahabad. This road has heavy traffic density. Hence, it has been decided by Ministry of Surface Transport, Government of India and sanctioned administrative and financial approval for amount Rs. 12719.67 Lacs. The Old N.H.-2 Ch. 161.80 to 180.00 (Kokhraj to Manauri) total length 18.20 km affective in this portion to connected two lane road to four lane road through Central Road Fund 2016-17 and job no. CRF UP 2016-17-240 to 277 at sl. no.-18.

The Old G.T. Road connected Kaushambi to Allahabad, which is part of Old National Highway (N.H.-2). This is the only way to connect Kaushambi to Allahabad. This road has large traffic density, Allahabad is holy city and large no. of pilgrims comes every year in Magh Mela/Kumbh Mela through this road. Hence, it is essential to widening the road two lane road into four lane.
