NOTES :-
 Heights and contours have not been shown.
 Important buildings are shown in black with names.
 The common boundary of the Political Regions between Theraput P & Nidulp P is shown. R/L is not been shown for want of reliable information.
 A relative height, eg., represents the approximate height, is shown, between the top and bottom of a steep slope.
 A relative height, eg., 8, marked along a canal, indicates the height of the top of the canal measured above the adjacent country.
 The actual boundary of the political region in this sheet has been surveyed as pointed out by the local officials on the ground but have not been substantiated by the inheritance concerned.
 The lowest boundaries in this sheet have been surveyed as pointed out by the local forest officials on the ground but have not been substantiated by the District Forest Officer concerned.
