

SRI CHANDRADHARI PRASAD

VILLAGE- CHURCHU POST - ICHAK
DIST. - HAZARIBAGH, JHARKHAND - 825402
CONTRACT NO. - +91 9431783063

Date 27.07.2018

The proposal of Pundri Stone Mines in the Name of Sri Chandradhari Prasad over an extent of 0.972 Ha. in Khata No. - 63, Plot No. - 13 (P), at Pundri Village of Sadar Block of Hazaribagh District, in State of Jharkhand at an arial distance of 6 Km. from nearest boundary of Wild - Life Sanctuary Hazaribagh, District - Hazaribagh, in State of Jharkhand **outside of the Eco-Sensitive Zone as per Draft notification no - S.O. - 695.(E) dated 8 February 2018.** However, the proposed area is situated within 10 Km. from boundary of Wild - Life Sanctuary Hazaribagh, District - Hazaribagh, in State of Jharkhand (as Buffer Zone). But not falls in protected area. The impact of the project on Wild - Life is negligible because there is existence of Revenue Villages settled between the project site and boundary of the protected area & a seasonal nala. The movement of Wild - Life outside the protected area towards the proposed site has not been noticed.

The proposed project is an existing lease area & having a good deposit of stone as per approved mining plan & also applicant obtained Environment Clearance. Applicant also obtained lease for mining from the State Government & also obtained CTE & CTO from the State Pollution control Board. For this reason the applicant has applied for the same.

The proposed project gives the employment opportunity to the local youths as well as local development by CSR activities by the applicant and meets the local demand of the stone without having any impact under Wild - Life and there Eco - System.

Hence, the project can be considered for.

Krishna Prasad
