Sub: Justification of the proposal for which the forest land is required for location TNAA

Oil & Natural Gas Corporation Limited, a National Oil company of India is engaged in exploration and exploitation of hydrocarbon. The company has got approval from Government of India for grant of Petroleum Exploration License for 703.61 sq. km Cachar Block vide letter no. F/NO.Expl-11032(11)/82/2019/ ONGC-I (P-32403) dated 24.11.2019. The location TNAA (Lat: 24° 33' 30.94" N & Long: 92° 53' 03.64" E) lies near Bhubandar village under Cachar District of Assam.

The location TNAA is required to be drilled in light of the exploration lead for Upper Bhuban geological formation. The location TNAA is based on Geo scientific studies deliberated at length by competent authority and has been decided for drilling to probe the hydrocarbon in Teidukan subsurface structure. After drilling the location, if the hydrocarbon find is economically viable, then the area can be further developed for mining, for which statutory approvals will be taken from competent authorities.
