

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

1. Panduka Jatmay Ghatarani madeli mudagaon road already exists and is being utilized by surface transportation. The current project envisages meeting the increasing demand of traffic and surface transportation medium. Widening of road will also increase the speed of traffic which will save the running time.
2. This road already passes through the forest area and same center line will be used for widening and strengthening of road.
3. Any alternative route will consume more forest area.
