## Justification for locating the Project in forest land

M/s Bhushahr Laghu Udyog has been obtained FCA approval for the 0-28-98 ha diversion of forest land for mining area (0-19-64 ha) and establishment of stone crusher (0-09-34 ha) vide letter no. HPB414/1997-CHA/3590-94 dated 18.08.2006. Stone crusher is already established at khasra no. 38 (0-03-14 ha) Machinery and grit storage and 494/480/33/1 (0-06-20 ha) for road and loading point. Proposed material was extracted as per mine plan. The project proponent is ready to returned back to mine lease area to forest Department. Project proponent is interested to run already established stone crusher. The minerals i.e. stone are available in sufficient quantity in the nearby area to feed the already established stone crusher. Project will generate local employment in direct and indirect way. It will also generate the state revenue. With consideration of foresaid matter, it is justified that extension of period of Forest Clearance already established crusher is required.
