

PROJECT NOTE

Name of the proposal:- Pipeline of Sk.Gaffar Sk. Kadar of Deulgaon Sakarsha

Taluka . Mehkar
Division – Buldana

Range Ghatbori
District- Buldana

I ,Sk. Gaffar Sk. Kadar of Deulgaon Sakarsha Tq. Mehkar Distt. Buldana from poor family . Our financial condition is very low we cannot fulfill our daily needs. We want increase our lively hood and give good opportunity to our family.

I have some land our own and want to irrigate this land our plan is to take water from Utavali project to our land through pipe line .The total length of proposed pipe line is 550 Rmt. Out of this 465 Rmt passing through Forest land Gat. No137 Gat No.355 of Deulgaon Sakarsha Tq. Mehkar Distt. Buldna. Only 0.0.1395 hect. tree less Forest land used in proposed pipe line . This is the minimum requirement of forest land. Alternet alignment is not possible , two alternatives are technically unsuitable due to nature of ground i.e. and up and down portion and heavy demand of Forest land.

Therefore the permission of laying pipeline increasing the farmers income.
