

## **Justification**

Laying of water supply pipe line Under Damoh-Patera Multi village rural water supply scheme has been proposed in Division Nouradehi Wild Life Sanctuary Park Sagar Damoh district for providing drinking for rural people by MP Jal Nigam Damoh. This scheme has been proposed in under RoW along with existing for the Laying of water supply pipeline  $13330\text{m} \times 0.45\text{m} = 0.59985$  ha and  $1600\text{m} \times 0.5\text{m} = 0.080$  ha in total  $0.67985$  ha forest land in Division Nouradehi Wild Life Sanctuary Park Sagar Damoh district. Hence This proposal has been registered on Parivesh FP/MP/Pipeline/5287/2020 for wildlife clearance of Chief Wild Life Board. Its under process for sanction. Work has been proposed under RoW only underground pipeline has been laying. Water supply in rural areas is one of the biggest problems. Most of the people not have facility for pure drinking water. People of village depended on rainy water sources, well, pond, canal and river. After establishment of Multi village rural water supply scheme provide water for many village and Most of the interior village people will able to live better live hood. During Laying of water supply pipeline people will get employment. It is one of the most important Multi village rural water supply schemes providing good water supply for the better live hood for rural area people of village.
