

Justification

Name of Work:- Under chief minister announcement in legislative assembly area and block Yamkeshwar on Chilla - Pashulok motor road at Been river near by Gangabhogpur construction of double lane R.C.C. bridge span 200 mtr.

1. This bridge connects the Chilla side to the Rishikesh on the existing road. However during night time traffic should be regulated. This road should be used for the bonafied purpose of local villagers only. In emergency situation only this road should be open After seeking permission from Director / C.W.L.W.
2. Camera should be placed in the proposed bridge for monitoring the wildlife movement as well as unauthorized entry of people in to the park area at the cost of user agency.
3. Regular patrolling should be done on this road, particularly during night time and the expenditure incurred should bear by the user agency.
4. It will provide all season connectivity from Chilla to Rishikesh for both the villagers residing in adjoining Villages and also to the park staffs, otherwise this area is blocked during heavy rain.
5. It will provide free passage to the animals to Ganga river.
6. It will help in strengthening the security concern, as it will prevent the entry of by passers in to the park area.
7. It is an Important Road to connect Rishikesh and Haridwar.
8. This play an important role during Chardham yatra Kumbh, Kawadmeela and regional ritual.
9. 27 village of Dadamandal belt of Yamkeshwar Block remained to be Connected during Manson season After construction of this bridge they will be connected to Haridwar and Rishikesh
