

CHECK LIST SERIAL NUMBER-10  
JUSTIFICATION FOR THE PROJECT ROAD IN FOREST LAND

9.3355 Ha of total forest land is required for the construction of Channi Bridge Elakamata to Jalsu Jot m/able Road .The total length of the Road K.M. 0/0 to 17/0 which would pass through the forest land ,With the construction of this road will cater the needs of population more than 5000 and give a boost to be the local economy for the construction of this road . Dumping site 0.4857 ha area of forest land is required to be diverted

Three numbers alternative which technically feasible were explored since all the beneficiary villages surrounded by thick forest area hence all three numbers alignment have to be necessarily pass through forest area if the primary objective of linking to m/able road is to be achieved.

Hence there is no escape from using forest land out of three alignments ,one which involves lesser number of forest land as well as trees has been finalized for construction of road

Hence by the construction of this road, whole Bharmour Tribal Valley of Distt. Chamba will be connected with Distt. Kangra (H.P.) as well as State Capital through shortest route.
