

## JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA

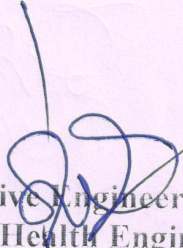

The project for getting raw water by pumping from GWS channel for w/s scheme Kulasi, Kanonda. Group of 2 No villages, Ladrawan group of 2 Nos villages Mukandpur & Bamnoli & Providing 2 No Indep. w/works for village Bamnoli & village Khairpur Teh. B.Garh Distt. Jhajjar as a original work of Govt. of Haryana and Sanctioned by Engineer in Chief Panchkula .

In order to feed drinking water for 7 Nos villages . The raw water supply D.I line 300 mm & 400 mm is required from GWS to facilitate proper water supply of these village. The approx. length of D.I. line from Bamnoli village to Ladrawan w/works is 8 Km Parallel to road

Due to shortage of raw water at w/works the inhabitant of 5 Nos w/works are facing great difficulties due to non availability of drinking water. Honable M.P(Rohtak) directed to this department that problem of shortage of raw water should be solve from taking raw water from GWS.

Keeping in view of the above facts the permission from forest department is required so that water / D.I. line can be laid in Forest land.
