

Full Title of the Project : Construction of Vinod Nagar Depot for MRTS Project

File No :

Date of Proposal :

Justification for locating the project in forest area

The proposed Vinod nagar Depot area at khichripur falls at East of Gurjar Samrat Mir Bhoj marg(NH-24). Depot is provided for maintenance and halt of rolling stock. Services of the train is to be started in early morning and continues till late night for facilitating the commuters of the city. Strategically requirement of depot is essential in this locality and no vacant land either Govt or private is available in the vicinity. This is a single depot planned for Mukundpur to Yamuna Vihar Corridor consisting of 56 Km length. The area proposed for construction of Depot is a Govt. land partly vacant and partly covered with vegetation. Shifting of Depot is not possible because no vacant land of required size is available in the locality.

Hence, the Depot is to be constructed on proposed forest land.
