

AUTHORITY LETTER

It is certified that Sh. Sahasar Pal Divisional Engineer BSNL, Panipat is competent person making this application for diversion of 0.0084 ha of forest land in favour of this department for laying of OFC Cable for provisioning of 10Mbps leased circuit in Newly constructed District Jail in Panipat district.

DGM 1/8/14
BSNL Karnal

JUSTIFICATION

The proposal is prepared for laying of 2200M of OFC from BSNL Sewah Exchange Panipat to Passina Kalan Morh. All the available routes for laying of O.F.Cable for providing 10Mbps lease line to the Superintendent District prison Panipat were located. And the route from BSNL Sewah Exchange Panipat to Passina Kalan Morh is found to be optimal in terms of forest area and laying of O.F. Cable. And being a CM Project the progress is being monitored at the higher level. The Superintendent District prison booked 10 Mbps leased line circuit through BSNL clarity CRM order ID- 1047138766. So the location of the project is quite justified.

The cable will be laid at the depth of 1.65M. The work will be executed through approved contractor.

No technical difficulty is anticipated at present.
