

Full Title of the Project: Consturction of link road Panyala
Tiun Khas km. 0/0 to 5/500 in Distt. Bilaspur (H.P).

File No. : _____

Date of Proposal: _____

CHECK LIST SERIAL NUMBER-09

Justification for locating the project in forest area

The proposal for diversion of 2.178 hect of land for the construction of Panyala to Tiun Khas has been evolved, for which the alignment in which the subject cited road has already been constructed in violation of FCA 1980, is being followed. The main reason for location the project in the forest land is that all the waste land in Distt. Bilaspur is forest land and there is no non-forest land for construction of road.

Assistant Engineer
Ghumarwin Sub Division
HPPWD Ghumarwin (H.P.)
